## Day 1 - 4 | Welcome to Botswana

*Today is a travel day!*

### Welcome to BOTSWANA

Today you will arrive at Chobe Game Lodge

### Airport Transfer

On arrival at Kasane Airport and after clearing customs and collecting your luggage, your driver will transfer you by road to Chobe Game Lodge.

### Chobe

Chobe National Park is located in northern Botswana, in easy driving distance to Kasane and Victoria Falls. Chobe is Botswana's first designated national park and, at over 11,700 km<sup>2</sup> (4,500 mi<sup>2</sup>), is one of the largest. The greater Chobe area consists of the Chobe River, Savute, and Linyanti, which combined is home to Africa's largest elephant population.

There is a rich variety of landscapes in addition to the famed riverfront including vast floodplains, woodlands, grasslands, and clay pans which can be enjoyed by boating safaris and game drives.

Room type: **Standard Room**

Inclusions: **Fully inclusive**

## Day 1 - 4 | Chobe Game Lodge

### *Property Overview*

The only permanent game lodge situated within the famous Chobe National Park, Chobe Game Lodge is Botswana's premier venue for guests looking for a perfect base from which to explore the National Park and the Chobe River. This five-star Lodge has full eco-grading by the Botswana Tourism Board.

Chobe Game Lodge is designed as a haven of peace and privacy – where relaxation is effortless and you can enjoy your own space. With six comfortably furnished viewing decks, a riverside boma, two bars, six different lounges and four dining locations, a comfy chair or lounge is never far away, each with a different perspective on the wilderness that surrounds the lodge. A large swimming pool provides welcome relief during hot afternoons and there is always a waiter on hand to bring you refreshments from the bar.

### *Experience & Activities*

Chobe Game Lodge offers a choice of land or water-based activities and the most complete game experience in the Chobe National Park. Early-morning and late-afternoon game drives are conducted by expert guides in open-sided 4x4 vehicles to ensure maximum visibility of Chobe National Park's spectacular scenery and abundant wildlife. Meanwhile, riverside

game viewing may be done from small and highly manoeuvrable boats, perfect for morning or sunset cruises.

Chobe's diverse wildlife roams in abundance – it is, for instance, home to the largest concentration of elephant in Africa. During the dry season these large herds, as well as vast herds of buffalo, congregate on the fertile flood plains along the Chobe River to drink, bathe and play. There are frequent sightings of lion, African wild dog, puku, red lechwe, sable, giraffe and roan antelope.

Guests wishing to pamper themselves are welcome to book one of the delightful treatments from the in-house beautician (for which there is an extra charge) or hit the gym for some exercise between the usual lodge activities (complimentary).

## ***Accommodations***

### **Room**

Chobe Game Lodge can accommodate up to ninety-four people in total luxury. Each of the forty-four rooms at the lodge is river-facing and air-conditioned, featuring overhead fans, complimentary mini bar, en-suite bathrooms and a private terrace. For those guests who demand the ultimate in exclusivity, the Lodge has four river-view suites, each with its own plunge pool and separate lounge area.

For more information on Covid related cancellations, please contact us directly.

## Beat Malaria

Africa is full of bugs that come in all shapes and sizes, most are benign creatures looking to live out their lifecycles in peace and harmony. Some have stings that can really hurt (and may need medical attention) and others bite, leaving nasty, itchy bites. But when it comes to mosquitoes, they can leave more than just a red, swollen itch machine...

Malaria is a real threat, especially during the rainy season when the anopheles mosquito that carries malaria is breeding. It's the females that bite and spread the disease, which can, in some cases, make you really ill. So please take malaria seriously and take action to prevent infection. Here are some tips to help you...

### Prevention better than cure

The best way to prevent malaria is to take prophylaxis and use an anti-malarial drug.

We can recommend Malanil or Malarone as well as Mozitec. Consult your doctor for more information and check for any contra-indications with medicine you already take as well as possible side effects you need to be aware of.

### Cover up, buttercup and spray, spray, spray

When the sun starts to sink, put on long pants and long sleeves to minimise possible bites and spray the hell out of your legs and arms (even covered) with a good bug spray or smear with a bug stick. Don't forget your ears! And cheeks! And ankles.

Mozzies love ankles.

---

### **Doom your room**

Use bug spray to knock down insects in your room or tent at night, before you go to dinner. Give it a good all-over spray, shut the doors/flaps and walk away. Here in Sarf Efrica we have a spray called Doom. Others are called Target, Peaceful Sleep and Morein.

For the majority of accommodations, your room is prepared for you by the wonderful house keepers so no need to worry about the above.

### **Use your mozzie net**

That gorgeous, diaphanous netting around your bed is not a romantic come-on, it's designed to keep winged, bitey things at bay. So use it. Along with all of the above.

### **Talk to us**

We'll give you the full lowdown on where you're going and what the risks are in terms of malaria so that you can make an informed choice about how to prevent it.
