Day 1 - 4 | Welcome to Zimbabwe

Today is a travel day

Airport Transfer

On arrival at Victoria Falls Airport and after clearing customs and collecting your luggage, your driver will transfer you to Shongwe Lookout.

Victoria Falls National Park

Victoria Falls National Park is a tiny piece of protected land surrounding Victoria Falls, one of the world's three great waterfalls. Situated in western Zimbabwe in the town of Victoria Falls, the views are incredible and you can follow a path right along the edge of the gorge. The mighty Zambezi creates a roar and a huge spray of mist that can be seen from many miles away. The falls are also known as *Mosi-oa-Tunya*, an incredibly descriptive name that captures the essence of this very special place so well - translating to the "Smoke that Thunders."

As a result of the spray from the falls, a mini rainforest exists in the surrounding area, creating a wildlife hotspot. Species such as lion and leopard occasionally come through while sightings of elephants are more common. Above the falls, hippo and crocodiles abound, amongst a large array of wildlife - an added bonus to a visit to this World Heritage Site and one of the Seven Natural Wonders of the World.

Day 2 | Tour Of The Falls

Activity overview

It's a truly awe-inspiring experience – the sight, the sound, the smell; the humbling feeling that here indeed is nature's supreme masterpiece. No photograph can begin to depict the reality...and nothing prepares you for your first sight.

The Victoria Falls – now in its 150 millionth fantastic year – reaches its zenith around May each year.

This tour is conducted in the morning and afternoon. En route, clients may be taken past the 'Big Tree,' where they may stop and take photos. Clients will be accompanied through the rainforest by qualified guides who will give a brief history of the Falls themselves as well as detailing the flora, fauna, birds, wildlife, and other points of interest. Guides are also happy to assist clients with photographs whilst visiting this most spectacular of waterfalls. Raincoats are provided when needed.

Day 2 | Sunset Cruise On The Zambezi Royal

Activity overview

The Zambezi Sunset cruise is a superb way to relax and enjoy the spectacular beauty of the Zambezi River. There are great photo opportunities against often-spectacular African sunsets.

Flocks of birds skim the waterline as the sun sets behind the African skyline. Clients may have the opportunity to see a variety of game, including hippo, crocodile, and elephant, as well as enjoy the many different bird species. The Sunset Cruise is very popular and includes finger snacks, beer, wine, local spirits, and soft drinks.

The Zambezi Royal is a luxurious, 28 seater single level cruise boat, offering a unique and intimate way to view the Zambezi River. The boat is the first of its kind, custom built to maximize comfort, style, practicality, and service. Guests relax in the lush furnishings of this modern and contemporary vessel, enjoying lavish snacks, wine, cocktails and sparkling wine, as they coast up-river taking in the stunning scenery and surrounds of the upper Zambezi River.

Duration: 2 hours

Ages: all ages allowed

Day 3 | The Boma Dinner & Drum Show

Overview

The Boma – Dinner & Drum Show, a popular Victoria Falls experience, is being refreshed with a focus on enhancing and modernising both the food and the entertainment.

The Boma is known for its local Zimbabwean delicacies, such as mopane worms, warthog steak and Zambezi bream, as well as beef, pork, chicken, and vegetarian dishes, ensuring there is something to suit every palate.

The Boma, opened with just 60 seats as an open air “bush” restaurant to cater for guests at Lokuthula Lodges, and it has since grown into a “must do” Victoria Falls experience, able to accommodate 320 diners.

Beat Malaria

Africa is full of bugs that come in all shapes and sizes, most are benign creatures looking to live out their lifecycles in peace and harmony. Some have stings that can really hurt (and may need medical attention) and others bite, leaving nasty, itchy bites. But when it comes to mosquitoes, they can leave more than just a red, swollen itch machine...

Malaria is a real threat, especially during the rainy season when the anopheles mosquito that carries malaria is breeding. It's the females that bite and spread the disease, which can, in some cases, make you really ill. So please take malaria seriously and take action to prevent infection. Here are some tips to help you...

Prevention better than cure

The best way to prevent malaria is to take prophylaxis and use an anti-malarial drug.

We can recommend Malanil or Malarone as well as Mozitec. Consult your doctor for more information and check for any contra-indications with medicine you already take as well as possible side effects you need to be aware of.

Cover up, buttercup and spray, spray, spray

When the sun starts to sink, put on long pants and long sleeves to minimise possible bites and spray the hell out of your legs and arms (even covered) with a good bug spray or smear with a bug stick. Don't forget your ears! And cheeks! And ankles.

Mozzies love ankles.

Doom your room

Use bug spray to knock down insects in your room or tent at night, before you go to dinner. Give it a good all-over spray, shut the doors/flaps and walk away. Here in Sarf Efrica we have a spray called Doom. Others are called Target, Peaceful Sleep and Morein.

For the majority of accommodations, your room is prepared for you by the wonderful house keepers so no need to worry about the above.

Use your mozzie net

That gorgeous, diaphanous netting around your bed is not a romantic come-on, it's designed to keep winged, bitey things at bay. So use it. Along with all of the above.
